OBJECTIVE

Aspiring MERN stack developer and B.Tech (Data Science) student, eager to apply full-stack development skills in real-world projects and contribute to impactful software solutions.

EDUCATION

B.Tech in Computer Science (Data Science) 2023 – 2027
JSS Academy of Technical Education, Noida
CGPA: 8.8/10 (Until 4th Semester)

Intermediate (Class XII) 2021 – 2022
T.P.R.S Educational Institute, Mohammadi Kheri 262804
Percentage: 90%

High School (Class X) 2019 – 2020
T.P.R.S Educational Institute, Mohammadi Kheri 262804
Percentage: 90%

SKILLS

Languages	C++, HTML, CSS, JavaScript
Frameworks & Libraries	TailwindCSS, React.js
Databases	MongoDB
Tools	Git, Postman
Concepts	OOP, REST APIs, JWT Authentication
Testing Tools	Postman (API)
Version Control	Git, GitHub

PROJECTS

Expense Tracker (Web App) – MERN, TailwindCSS, Chart.js Developed a personal finance manager with **secure auth**, **avatar upload**, and **income/expense tracking**. Integrated **dynamic charts** for payment visualization and designed an **interactive, responsive dashboard**. ([Live Demo](#))

AURE (E-Commerce Platform) – MERN, Firebase Built an e-commerce site with **payment integration**, **Google login via Firebase**, **real-time notifications**, and **order tracking**. Added an **admin dashboard** for product/customer management and a **modern, responsive UI**. ([Live Demo](#))

AI Image Identifier – React.js, TailwindCSS, Gemini API Created an AI tool that analyzes uploaded images using **Google Gemini API**. Supports **drag-and-drop uploads**, responsive layout, and smooth error handling for a seamless user experience. ([Live Demo](#))

Portfolio (React App) – React.js, TailwindCSS, GSAP Designed a personal portfolio with **animated hero section**, **custom cursor**, and **interactive skill showcase**. Built with smooth page transitions and a responsive project gallery using GSAP animations. ([Live Demo](#))

Problem Solving & Open Source Solved **100+ LeetCode problems** across arrays, DP, and graphs. Maintained **450+ GitHub contributions**, showcasing consistency in coding and project building.

EXTRA-CURRICULAR ACTIVITIES

- Participated in an online frontend hackathon organized by **CypherSage**.
- Member of **Akshargyan College Society**, teaching underprivileged children.
